

# 2009 DHIA HERD AVERAGES

*Ranked by Pounds of Protein*

Herd averages from September 30, 2009 are listed for DHIA herds that give written authorization, regardless of testing plan or DHIA Affiliate. Less than half of the state's DHIA herds choose to participate

DHIA herd averages are provided by the Heart of America DHIA with the permission from each producer listed. Heart of America DHIA obtains this data from the dairy records processing centers, and intends to provide this information to the Nebraska State Dairy Association as accurately as possible, but cannot be held responsible for errors and/or omissions that may occur.

\* DCR = Data Collection Rating

DCR = Data Collection Rating. A USDA calculation indicating the relative value or reliability of the record. Some of the factors in the DCR include if certified meters are used; the number of milkings tested; the number of tests per year; if the tests are conducted by a certified DHI technician, and the frequency of component sampling.
